

# MOODLE TRAINING

## FROM THE EXPERTS

Lambda Solutions is a Full Service Moodle Partner dedicated to providing a wide range of Moodle Services at an affordable price, including Moodle Training. The Moodle Training Courses and Sessions listed below are offered in Beginner, Intermediate and Advanced levels, for both Moodle Teachers, Administrators and Community Managers.

All training courses are run by two facilitators and can be administered to as many of your organization's employees as you require, with a 10% discount for groups of 10 or more. Courses are offered online via web conferencing software built into Moodle and are broken down into both real-time and self-paced asynchronous portions. Courses are offered online, but if you require Face to Face Moodle training instead, contact us for a quote.

## INITIAL SKILLS ASSESSMENT

Before enrolling in any of our Moodle Training Courses or Sessions, learners will undergo a brief skill assessment for free, to determine their level of familiarity with Moodle. **Those very new to Moodle may need to take the Introductory pre-requisite course as shown beside:**
